Food Security - Board discussed the summer meals program for kids 1-18. Board approved renewal of a "Prime Vendor Contract" with a coop that provides food for school meals. They discussed changes in school meal prices.

Energy - Board approved a contract with Zen Solar Power Purchase Agreement. They had a more detailed presentation on this topic in a previous meeting.

Education - District staff presented on Curriculum changes, and library and information and technology changes.

Communication - Board discussed policies surrounding both internal and external communication, and presented a document with protocols. A goal they stated was to be more responsive in communication and to give best practices for board members.

Public Meetings of Interest to League: *Were there any public meetings announced that you think League members may be interested in attending and/or becoming involved with that relate to League positions?*

Process & Protocol: *(Observations about participants and procedures of the meeting) e.g., Did the members appear to have done their "homework"? Were members courteous to each other and the public? Was access to materials for certain agenda items available to you?*

Members did not have many questions on a lot of the topics. It seems like they had received more information on many of the topics in previous meetings and by email. They were polite to everyone.

Your additional comments/opinions:

There were no public comments at the meeting, despite this meeting being the one where they approved the 2025-2026 budget for the school district. I could not access the minutes for this meeting online. I will try to get them in the future.
